## Party Animals Atlanta

We Bring the Zoo to You!

At Party Animals Atlanta we provide a unique, hands-on experience for children of all ages with exotic animals brought right to your school!

We bring about fifteen animals, including mammals, reptiles, amphibians, insects and arachnids. Each animal is taken out individually and interesting facts about each one are explained. Children are encouraged to touch each animal using a "two-finger touch." The combination of learning facts about each animal, seeing and touching them, provides for a well rounded, educational experience that will last a lifetime.

Party Animals Atlanta is a very cost effective program. Our prices are \$200 for the first hour and \$75 each additional half hour, regardless of the number of children. We do not charge travel fees within the metro Atlanta area! See complete list of schools we have visited below:
